DETAILED ACTION

Election/Restrictions

1. Claims 102-138 are allowable. The restriction requirement of Species 1-15, as set forth in the Office action mailed on February 11, 2005, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claims 103 and 135 are no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Allowable Subject Matter

2. Claims 107-135 and 137 are allowed for the reasons stated in the Office Action of September 20, 2007.
3. Claims 102-106, 136 and 138 are allowed.

The following is an examiner's statement of reasons for allowance:

The references fail to teach, disclose, or suggest, either alone or in combination, an open space immediately below the contact tip between the second side of the first leaf portion and the first side of the second leaf portion into which at least part of the first leaf portion can deflect when the contact tip is depressed and in combination with the rest of the limitations of the base claim.

Applicant's arguments, see Pages 9-10, filed December 12, 2007, have been fully considered and are deemed persuasive.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
